Changing Minds In Detail

Changing Minds: in Detail works from a deep understanding of how people think and decide. The book details the full SIFT-3M™ model of how the mind works, covering many motivators as well as how we process information and formulate our decisions. At every stage, specific methods are described to utilize understanding in changing minds.

Changing Minds: in Detail - Syque

The ChangingMinds website started as a repository of learning about all forms persuasion and influence that reaches back over 20 years and more. As an inveterate learner and qualified teacher, David Straker went from writing books to writing directly to the web -- and now the site has many visitors every day. Is it really the book of the site?

A related change model, the Change Curve, focuses on the specific issue of personal transitions in a changing environment and is useful for understanding this aspect in more detail. In order to accept the change and contribute to making it successful, people need to understand how it will benefit them.

Lewin's Change Management Model - from MindTools.com

"I feel I change my mind all the time. And I sort of feel that's your responsibility as a person, as a human being - to constantly be updating your positions on as many things as possible. And if you don't contradict yourself on a regular basis, then you're not thinking." — Malcolm Gladwell

Change Your Mind Quotes (40 quotes) - Goodreads

Changing Minds is a national not-for-profit organisation operated entirely by those with personal experience of recovery from mental health and/or addiction issues, we work in the broad area of wellbeing services, advocacy, human rights, and health policy.
