HOLZMA Panel Saw

The small saw for the entry level is THE solution for woodworking shops. It costs hardly any more than a well equipped circular sizing saw, but performs more precise and more efficient.

HOLZMA panel dividing saw HPP 130

If you are using any type of saw to cut your panel materials, there are major benefits to be had from using a cutting optimisation software. If you have a point to point CNC that machines each part in turn, you will still need a saw to cut the parts beforehand and ideally you should be optimising the cut list as part of your workflow.
